

## COMMONWEALTH SCIENCE, TECHNOLOGY, ENGINEERING AND MATH (STEM) INDUSTRY INTERNSHIP PROGRAM

# FIND COLLEGE/UNIVERSITY INTERNS SPRING, SUMMER, FALL

### ABOUT THE PROGRAM:

The Commonwealth STEM Industry Internship Program (CSIIIP) is a no-fee online system that enables companies to select and hire spring, summer, and fall interns from a large pool of pre-qualified college and university STEM students throughout Virginia. Funded by the Commonwealth of Virginia, CSIIIP is managed by the Virginia Space Grant Consortium, and is partnered with organizations shown below. The CSIIIP also works in collaboration with all Virginia's accredited colleges and universities to provide the most expansive network of intern candidates possible. Student applications contain contact information, a writing sample, a resume, GPA, transcripts, and letters of reference. The online system provides a search tool companies can use to find the right candidates, whether by major, skills, college or distance. CSIIIP staff can also assist companies in identifying intern candidates that meet specific requirements.

### HOW IT WORKS:

Companies can register anytime for participation and entering their internship opportunities. Placements for summer internships are typically for 10 to 12 weeks, 20 to 40 hours per week, and at a suggested pay range of \$10 to \$15 per hour. Spring and fall work weeks will vary in hours and duration.

### ADVANTAGES FOR PARTICIPATING COMPANIES:

- CSIIIP provides access to highly qualified students throughout Virginia.
- All student applications are pre-screened by VSGC for eligibility.
- CSIIIP's searchable database makes finding the right interns easy.
- CSIIIP staff can also assist in finding a company's interns of choice.
- Companies interview and present offers directly to interns.
- Companies are able to co-brand existing internship programs with CSIIIP.
- Participation enables companies to evaluate potential full-time employees.
- A link to each participating company's website will be posted on the CSIIIP website.
- Positive media coverage is provided by the VSGC for participating companies.
- Participation in CSIIIP provides company awareness to the Virginia General Assembly and the Governor's office.
